“I was able to face the day so happily, because I felt confident of my outfit –so very delighted with my hat, and only wish you could have been rewarded, by hearing the many encouraging remarks and appreciation. It is a lovely hat – I would recommend your work to anyone – Thank you so much.”

“Just wanted to drop a line to thank you for making such a stunning hat for my daughter’s wedding last Saturday. It went very well with the outfit, and I had many compliments and many photos taken!”

“Now that life is getting back to normal after the wedding last Saturday – I wanted to write to say that the hat you made for me was universally admired! I had as many compliments as the bride, and even my new son-in-law thought it superb!! I will certainly pass your name on to any of my friends (we seem to have a great many whose daughters are of marriageable age!).”

Miranda Wakely

“The hat is beautiful. The draped material and the organza look quite perfect both on the hat and with the outfit. Thank you very much.”

Elizabeth Damer

“Please be assured that we are delighted with “the hat”. It fits, and Dick even went so far as to say it was also very comfortable. The success of all your creative talents is born out by the fact that I have been allowed to consign “the original” to the bin – at last!”
